Matriculation (Class X)	2019 - 2020
Contai Public School	Grade: 86.0%

PROJECTS

Portfolio, ([Github](#)) ([Demo](#)) November 2024

Tech Stack : HTML, CSS, JavaScript, React.js **Description** : Personal portfolio website.

Features:

- Developed a visually appealing portfolio website to showcase projects and skills, using HTML, CSS, and JavaScript, with a responsive design built using Flexbox and Grid.
- Built an interactive project gallery with smooth animations and hover effects to provide an engaging user experience while browsing projects.

AI Naz - E-Commerce, ([Github](#)) ([Demo](#)) October 2024

Tech Stack: HTML, CSS, JavaScript, React.js, Node.js, Express, MySQL2 **Description**: Developed a fullstack ecommerce website with a userfriendly interface and seamless navigation. **Features**:

- **User Authentication**: Implemented secure login and account management functionality to ensure a personalized and safe shopping experience.
- **Cart and Wishlist**: Developed features for adding products to a cart or wishlist, allowing users to save items for purchase or future reference.
- **Contact Page**: Integrated a contact form for user inquiries and support.
- **Wallet Integration**: Added a wallet system for secure and convenient transactions.
- **Backend Integration**: Designed RESTful APIs and database functionalities for product management, order processing, and user account data.

YourNote, ([Github](#)) ([Demo](#)) September 2024

Tech Stack: CSS, JavaScript, React.js, Node.js, Tailwind CSS, Aiven **Description**: Modern notetaking application.

Features :

- Built a sidebar navigation feature allowing users to easily access notes, categories, and settings, enhancing the user experience with smooth transitions using React Router.
- Implemented secure user authentication and data management using Aiven and MySQL, ensuring reliable data storage and retrieval for personalized user experiences.
- Developed a realtime note editor that enables users to add, edit, and save notes instantly, utilizing React's useState and useEffect hooks for dynamic content management.

BeYoung, ([Github](#)) ([Demo](#)) May 2024

Tech Stack: HTML, JavaScript, Tailwind CSS, Vite, React.js **Description**: An ecommerce platform. **Features** :

- Displays a clean, organized product grid with search and filter options for a better browsing experience.
- Provides users with indepth information about each product, including images and descriptions.
- Ensures the platform is accessible and functional across all device types, from desktop to mobile.

SKILLS

Computer Languages: SQL, Java, JavaScript, CSS, HTML, Python

Software Packages: MySQL, Express JS, React, NodeJS, Tailwind, Figma

Additional Courses: Data Structure

Soft Skills: Communication Skills, Critical Thinking, Decision-making, Written communication

EXTRA-CURRICULAR ACTIVITIES

- Cofounded *Founders Brew*, a studentled initiative that gives budding entrepreneurs the platform to pitch ideas to potential investors, fostering innovation.
- Participated in school debates and theatre productions, building communication skills, critical thinking, creativity, confidence, and collaboration through persuasive argumentation and stage performance.
- Avid reader of nonfiction books, with a focus on topics such as personal development, history, and science.
